#### SENATE MEMORIAL NO. 807—

**A MEMORIAL TO THE CONGRESS OF THE UNITED STATES ENDORSING THE NATIONAL MENTAL HEALTH PROGRAM PROPOSED BY UNITED STATES SENATE BILL NUMBER 755.**

WHEREAS, during the past twelve months a number of events have occurred to underline the magnitude and urgency of the national and state problem of mental health, and

WHEREAS, the American Medical Association declared mental illness to be America's most pressing and complex health problem, and

WHEREAS, in his mental health message to Congress, the first such message in history, the President of the United States told how mental patients are being abandoned and neglected in old, overcrowded mental hospitals, getting only custodial care instead of psychiatric treatment, and

WHEREAS, it is becoming increasingly apparent that all levels of government, federal, state and local, must face up to their responsibility in this area, that there must be a shift away from the isolated mental institutions, to mental health centers in the community and centers for diagnosis, treatment and rehabilitation, and that all levels of government must closely examine their organizational structures relating to administration of mental health programs, and

WHEREAS, medical science has discovered that childhood mental illness is a major medical problem with hundreds of thousands of victims, but that it is also known that about one third of these children can be helped to lead normal lives and another third can be relieved of some of their most disabling symptoms, and

WHEREAS, it is becoming increasingly apparent that Florida must look to programs for financing and promoting research on mental illness, for establishing psychiatric clinics and psychiatric services with a view of allowing people to obtain psychiatric treatment in their own communities, for setting up aftercare and rehabilitation services, and facilities to assure that all mental patients receive the benefit of modern treatment, NOW, THEREFORE,

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF FLORIDA:**

That the legislature expresses its wholehearted endorsement of the national mental health program proposed by United States Senate bill number 755, and urges the enactment thereof in the forthcoming session.

**BE IT FURTHER RESOLVED** that copies of this memorial be dispatched to the President of the United States; to the President of the United States Senate; to the Speaker of the United States House of Representatives; and to the Florida Delegation to the Congress of the United States.
